

# Connector and Adaptor Identification

## SC/PC

- Connectors & Adaptors available in Simplex & Duplex
- 900µm boot size for terminating fiber
- 2mm/3mm boot size for patchcords

## ST/PC

- Connectors & Adaptors available in Simplex only
- 900µm boot size for terminating fiber
- 2mm/3mm boot size for patchcords

## SC/APC

- Connectors & Adaptors available in Simplex & Duplex
- 900µm boot size for terminating fiber
- 2mm/3mm boot size for patchcords

## MTRJ

- Connectors & Adaptors available in Duplex only
- 900µm boot size for terminating fiber
- 2mm/3mm boot size for patchcords

Available as assemblies only

## LC/PC & LC/APC

- Connectors & Adaptors available in Simplex, Duplex & Quad
- 900µm boot size for terminating fiber
- 2mm/3mm boot size for patchcords

## E2000/PC & E2000/APC

- Connectors & Adaptors available in Simplex only
- 900µm boot size for terminating fiber
- 2mm/3mm boot size for patchcords

Available as assemblies only

## FC/PC

- Connectors & Adaptors available in Simplex only
- 900µm boot size for terminating fiber
- 2mm/3mm boot size for patchcords

## MPO/MTP®

- Connectors & Adaptors allow up to 24 fibers

Available as assemblies only

## FC/APC

- Connectors & Adaptors available in Simplex only
- 900µm boot size for terminating fiber
- 2mm/3mm boot size for patchcords

## MU/PC

- Connectors & Adaptors available in Simplex & Duplex
- 900µm boot size for terminating fiber
- 2mm boot size for patchcords

Available as assemblies only
